RE: Strategic Plan – Community Listening and Design Session – March 31, 2016

Dear Taylorsville Resident or Business Owner:

As you may or may not know, Taylorsville has embarked on formulating a strategic plan for your community. This plan will help the city focus its resources on improvements which will be selected based on resident and business input.

As part of our strategic planning process, I would like to invite you to a Community Listening and Design Session scheduled for ***Thursday, March 31st at 6:00 p.m. at the Spencer County Extension Office.*** Representatives from the Kentucky League of Cities will facilitate the discussion. I know that you are committed to the improvement of our community, and I want to hear your thoughts and ideas about the future as it relates to the City of Taylorsville. It's really your chance to discuss dreams and progress – for you, your family, our businesses and our community at large.

Every thought is important! I urge you to become involved in our collective effort to insure that Taylorsville is prepared for the future and constantly improving the quality of life of its residents. Please bring your neighbors, friends and family to join you at the meeting. It is so important for our children and grandchildren – we need to put some time and thought into what we would like for our future generation.

Having a town meeting is serious business, but that doesn't mean that we can't have an enjoyable time being with one another and listening to all of the ideas that our neighbors will share. Your ideas are important to me and to the future of this place that we call home. A light supper will be served at 6:00 p.m. and the meeting will begin promptly at 6:30. It's a small length of time to invest when you consider the tremendous opportunity that we have. Taylorsville has a bright future because of people like you, and I trust I can count on you to take part in this important step for our future.

Sincerely,

Taylorsville City Commission
